Hi Meg,

The 2017-2019 Bayer inquiry information has been summarized in tabular form and is attached for your reference. Please let me know if you have any questions regarding the information contained in these files.

Take care,
Tom

Hello Tom:

Do you have any updates on the inquiry report index? EFED is very eager to see it.

Thank you,
Meg

Hi Meg. Sorry for the delay on this one. I now have the Excel spreadsheet but need a little more time to get the formatting updated so that the contents of the spreadsheet will be clear to the reviewer. I'm targeting next week for getting the spreadsheet to you.

Take care,
Tom

Subject: Index for inquiry reports

Hello Tom:

Thank you once again for assisting with the file transfer process of sending Bayer's submissions in response to EPA's March 6a2 letter over to my office.

One thread from that conversation that I'd like to resurrect is whether Bayer has an index (preferably Excel-formatted) that summarizes the inquiry reports. My team has been looking at the individual files, and having that would be a big help.

Best regards,
Meg

Hi Meg. Thanks for reaching out – I'm glad the file transfer system was successful.

I will look into this and get back to you shortly. I know the Canada and US reporting systems are different, which is why the inquiry information was provided in different formats. There may be other options to report the same info in a different format but I'll need to check with the team that manages the inquiry process.

I'll be in touch as soon as I have any additional info.

Take care,
Tom

Subject: RE: New Package Is Waiting

Hello Tom:

Thanks again for sending the two dicamba data packages to me. I was able to download the files successfully.

One question from my team: regarding the 2018 and 2019 US inquiry reports, does Bayer have an index for these reports, similar to the "regulatory summary" spreadsheets Bayer provided regarding the Canadian inquiries?

Best regards,
Meg

Hi Emily and Meg. I apologize for the oversight. Meg should now have access to the two data 'packages' that were previously sent to Mike, Dan, and Emily. Please let me know if there are any issues accessing the data files.

I'll be sure to include Meg on future transmittals.

Take care,
Tom

Hi Tom,

I see that you sent this to me, Mike, and Dan. Is there any way you could send it to Meg as well? She is handling the dicamba data and it would be very helpful if she could access it directly. I have copied her in case you need her email address.

Thank you!
Emily
